

Quality Engineer

ASYST Technologies LLC, located in Kenosha, Wisconsin, was founded as a joint venture of EJOT Holding and ATF Inc., in May of 1996. Since this time, our company has been known for engineered solutions, motion transfer assemblies, and problem solving in the automotive industry. Our dedicated employees ensure customer satisfaction and continuous improvement in our engineering and manufacturing.

Job Overview:

This position provides technical assistance to Manufacturing, Engineering, Sales, Shipping/Receiving and Maintenance to solve complex problems and advance the continuous process improvement effort through effective corrective action implementation and associated quality tools. Responsible for new product process validation including CMM programming and design of fixtures. Communicates quality problems and PPAP issues to suppliers and customers.

Primary Responsibilities:

- Complete layouts on parts for PPAP, problem solving, etc.
- Participate in/initiate cross functional teams in the pursuit of problem solving and mistake proofing quality problems
- Assist with Corrective Actions and Open Issues, as needed.
- Test parts (functional, dimensional, physical properties, etc.)
- Perform capability studies and assist with GD&T as needed
- Analyze SPC data for process improvement and corrective actions
- Schedule the lab for all layouts and/or metrology studies as required
- Conduct internal audits and assist with maintaining the Quality System to ISO/TS16949 standards
- Interact with customers in a professional manner
- Fill in for Quality Manager as necessary
- Perform other duties as directed by management

Position Requirements:

Technical degree or certification with 3 years' experience in quality engineering or equivalent level of education and experience. Automotive experience strongly preferred. 2-5 years' of CMM Programming or related experience.

We offer a competitive salary plus a full range of benefits including medical, dental, disability, life, flexible spending accounts, 401(k), educational reimbursement, and more. ASYST Technologies LLC is an Equal Opportunity Employer.
